July and August has been typical winter weather in Perth with a combination of dry and wet periods affecting our tennis. A number of pennants teams both junior and senior got through to the finals and I will let Mike and Craig report on these. We are still looking for a club secretary. This is a very important role and members are encouraged to put their name forward to assist the club. Please talk to any committee member about the role of secretary.

The club held a quiz night on the 27th of July which was very well run by Jill Holmes with around 45 people attending, thank you Jill. Thanks also to James and Jack who looked after the bar and Craig who ran the very popular bottle toss. The winners in the end were "The Food and Wine festival" Mike Roberts team with runners up Natalie's team. Thanks to everyone that supported the club for this event.

With the summer approaching the committee will consider some dates for the family fun nights.

The club is always looking for ideas to improvement and welcomes suggestions from members via committee members or the suggestion box by the notice board.
